Hebrew Reading Adventure

Page 22: read about suffixes on the bottom half of the page. Take turns reading the words on lines 3 and 4. Circle the suffix in each word.

Have students pick a suffix to illustrate. Help them pick a word from the page with a suffix, or come up with their own. (Example: "our house" would be a picture of people standing near their house with the word "baytecha" written in Hebrew and the translation in English)

Page 23: read the words, circle the prefix and suffix

Welcome to Modern Hebrew

Pages 20-21: read the new vocabulary words in the blue box on 21 before reading the story. Encourage the students to help translate each line as they take turns reading.

Snack and recess
